

T-grips with female thread in stainless steel for Hygienic USIT® sealing and shim washer Freudenberg Process Seals

Item description/product images

Description

Material:

Stainless steel 1.4404.

Version:

High-gloss polished.

Note:

The complete surface is polished to a high gloss with a surface finish of Ra 0.8 µm. This means that dirt and impurities can hardly adhere. Easy cleaning is ensured. The Hygienic USIT® sealing and shim washers from Freudenberg Process are used to seal the fastening point. The shaft of the T-grip is specially designed to suit this seal. A cavity-free seal of the fastening point is created, which satisfies hygienic regulations.

On request:

Other thread depths, inch threads, male threads.

Accessory:

Hygienic USIT® sealing and shim washer K1491 for the screw-on surface.
