NOGA V BLOCKS

NOGA Heavy Duty V Block Magnet Sets, including a choice of Noga holders, can help with the numerous challenges of the skilled operator of machine tools.

Utilized for general shop applications: securing & layout of items with various shapes, holding stock securely in place during light-duty operations such as boring, tapping, milling, drilling and grinding.

Noga is offering a selection of V Block Magnet sizes with either a NF or PH Holder.

Designed to hold dial and test indicators as well as other components.
