

UNI lock 5-axis add-on module adjustable system size 50 mm

Item description/product images

Description

Material:

Rust resistant tool steel.

Version:

Contact faces hardened and ground.

Note:

UNI lock 5-axis add-on clamp modules are used for raising basic modules and mounting bases.

Depending on the clamping situation, optimum assembly height can be achieved using a combination of basic module and add-on module.

The system size 50 add-on module can also be combined with the system size 80.

Height adjustment with brass ring. Locking with a lateral lock screw. Workpieces with varying support face heights can be optimally supported and clamped.

UNI lock 5-axis add-on module adjustable system size 50 mm
